Interdisciplinary School for Environmental Crisis

Science, Health, Economy, Social Sustainability

INVITATION FOR APPLICATIONS

The ARISTEiA - Institute for the Advancement of Research & Education in Arts, Sciences & Technology (www.aristeia.us) is inviting applications for the “Interdisciplinary School on Environmental Crisis (ISEC) - Science, Health, Economy, Social Sustainability" that is organized on March 7-12, 2025 at Eretria-Euboea. The 6-days course is tuition-free and will be conducted in English.

The aim of the ISEC is to foster interdisciplinary dialogue for addressing environmental crisis-related problems.
The scientific areas that the program aims to merge are:

1. Environmental Sciences
2. Health & Life Sciences
3. Engineering
4. Economical Sciences
5. Law
6. Social Sciences

DESCRIPTION

The program has the following main components.

1. Lectures about the more recent breakthroughs and current trends in several topics of basic and applied research.
2. Development of interdisciplinary culture and problem-solving skills.
3. Student group projects studying a problem. The problem and proposed solutions will be presented and evaluated.
4. Career development sessions

ELIGIBLE APPLICANTS

Applications may be submitted by students, who pursue academic courses or research in one of the areas listed above and excel (Top-20% in their class) as members of any of the following groups:

-Senior undergraduate students. At the time of application, a student applicant must be a senior undergraduate (final 2 years of studies including students in Engineering, Medical Schools, Biosciences, Pharmacy, Economics and Law Schools)

-Graduate students (MSc, MPhil, PharmD, PhD programs).

The scientific board and the evaluation committee will select 40 students among applicants from Greece and abroad. Participants will be selected according to their academic record and potential to develop to prominent figures of Academia or industry. The ISEC in cooperation with generous donors will cover the following expenses:

- Hotel staying at Eretria (March 7 - 12, 2025) including breakfast and lunch.
- Transfers between Athens International Airport and location of the ISEC

Required application documents

- **Curriculum Vitae**
  For undergraduate students: 1 page
  For graduate students and doctorate candidates: up to 2 pages.
- **Personal Statement** (up to 500 words)
- **Academic Transcript**

Applications can be submitted online (www.aristeia.us/isec)
by September 30, 2024 (11:59 pm EST)
